Brambles Construction Services Limited is a family owned construction & consultancy company, established in 2009 and offering a diverse range services to a wide range of clients in the Yorkshire region. The Directors recognise that environmental issues form a major consideration within the operation of our business and are committed to implement a Environmental Management System in accordance with BS 8555: 2003

We accept our environmental responsibility and recognise our obligations to contribute to the resolution of local, regional and global environmental issues by the following:

- Aiming to comply with all Environmental Legislation, Regulations and Codes of Practice relevant to the business*
- We will seek to eliminate all environmental accidents and unplanned events.*
- Promote the efficient use of energy and material resources, conservation and sustainable use of those resources*
- Adopting a waste hierarchy to eliminate, reduce, re-use, recycle or dispose whenever possible*
- Protecting the natural environment, wildlife and habitats, archaeological remains and preservation of heritage*
- Constructing or renovating buildings sympathetically with the surrounding*
- Operating the business in an environmentally sensitive manner, minimise noise levels, traffic nuisance, emission of pollutants and the correct disposal of wastes*
- Maximising the use of "brown- field" sites for new developments*
- Make use of wherever practicable, best environmental practice when planning and developing new and existing operations.*
- Operate a thoughtful buying policy selecting wherever practicable, materials and services which minimise damage to the environment.*
- Raising the awareness of our employees, sub contractors and suppliers*

We take environmental protection measures, and community responsibility as a positive challenge to be implemented at all management levels by establishing targets and action plans. Periodical team meetings will review our performance against these targets and implement change in areas of concern and non conformity. All employees will receive the appropriate levels of training and awareness to ensure that due emphasis is placed on the protection of the Environment and the impact their actions have site

This Policy is communicated to all company personnel, supply chain partners, members of the public and other interested parties using our company brochures, web-sites and other appropriate media.

This Policy will be reviewed annually and updated periodically

Mr. Stephen. M. Brambles
Managing Director
October 2014
